Dear Ms. Brown:

Enclosed are seven copies of the Risk Assessment Report prepared by our consultant, Ensafe, for the Collierville Site. This report should be inserted in the tabbed Section 8 of the Remedial Investigation Report submitted to you on June 22, 1991.

This confirms our recent telephone conversation requesting a meeting with EPA to discuss the Site Assessment and Risk Assessment Reports on July 29, in the morning.

If you have any questions, please call me at (818) 964-1211.
